Osobine proizvoda

The CB3 pallet box from Craemer is a highly robust large load carrier and perfect for transporting bulky goods. It is injection moulded in one piece with three runners. Maximum impact protection and resistance to forklift tines is ensured through additional ribs over the entry openings of the closed exterior walls. The seamless construction and smooth interior walls of this large load carrier ensure easy emptying, simple cleaning and good drying capabilities. The CB3 is resistant to most chemicals and cleaning agents and can withstand temperatures from -30 to +40 degrees Celsius, and even +90 degrees for short periods of time. Integrated stacking cams on the outer corners give stacked pallet boxes a secure hold.:

Spoljne dimenzije: 1200 x 1000 x 740 mm

Masa: 36.5000 Kg
