Osobine proizvoda

For use with dangerous goods, Craemer offers the UN-certified CB3 pallet box made of high-quality PE. The dangerous goods container in industrial format is ideally suited for all logistical processes in connection with the production, transport, storage, and disposal of lithium accumulators and batteries. The UN pallet box CB3 with three runners impresses with its seamless design and closed walls thanks to its manufacturing through one-piece injection moulding. Additional ribs above the entry openings provide further impact protection against forklift tines. The smooth design of the CB3 for dangerous goods ensures easy emptying, cleaning, and drying. Thanks to its sophisticated design, this UN-certified dangerous goods :

Spoljne dimenzije: 1200 x 1000 x 765 mm

Masa: 43.8000 Kg
